Testimonials

The Trainer:

"Dr. Cheryl Fraser is a master trainer who possesses the unique and powerful gift of moving students forward in their lives. The Become Passion work is one of the most important investments you will make if you are serious about creating more passion, fun, and intimacy in your relationships"

David Wood, Senior Executive & Personal Development Training Consultant, Isagenix International

"Having shared my work with the world for 25 years, it is very rare that I would ever invite anyone to contribute to a Richard Greene seminar. They have to be incredibly bright, know how to unerringly read an audience down to the smallest detail, be attractive and dynamic in their presentation of themselves, and be completely passionate about what they are teaching. Most importantly, they must know how to communicate that passion in an entertaining and highly effective way (since that is what I teach). Dr. Cheryl satisfies each and every of these requirements and I have been delighted to have her teach on my stage.

I have also been professionally and personally enriched by her powerful view of relationships and sexuality. I have no doubt that all audiences will be inspired by this accomplished, intelligent and powerful role model for women in the world."

Richard Greene, Author of "Words that Shook the World", Host of Clout on Air America

"Dr. Cheryl is pure honesty and all heart, with a talent to move her audience from laughter to tears that I have not seen in my 27 years as an international motivational speaker. She embodies the Passion that she teaches"

Andrea Frank Henkart, Psy.D, Author of "Cool Communication"

"Before watching Dr. Cheryl on stage I have never seen a woman presenter hold both the feminine creative energies and masculine structured energies with such polish and flair. One of the world's very best trainers ever"

Sally Landau, Owner, Dating Can Be Fun
